Personalized Support for Business Professionals

Empathy | Curiosity | Honesty | Compassion | Encouragement

Why Engaged Careers?

We've worked with hundreds of business professionals, just like you, providing one-on-one career coaching to help expedite your career search. We are laser focused on supporting you to achieve your career aspirations by offering direct, proactive and no-nonsense advice.

While your friends and family may be able to offer suggestions, we'll provide an impartial, unbiased assessment of your skills and job prospects and tips you can immediately put into action. We'll evaluate your personal situation and offer focused strategies and solutions to initiate your career search and help you maintain momentum.

What's Your Current Situation?

Are you:

- Looking for advice on how to approach your job search
- Wanting support to keep you motivated and on track
- Intimidated by the interview process
- Changing jobs within the same industry
- Transitioning to another industry
- Considering going back to school to upgrade your skills and not sure if the timing is right

How Can We Help?

We'll work with you to find your next career challenge by:

- Making informed decisions about your career
- Helping you understand your target audience
- Identifying your unique selling proposition
- Gaining insider tips to showcase your achievements
- Creating a call to action
- Optimizing your online personal brand
- Accelerating your online networking opportunities
- Recommending potential opportunities

What Happens During Career Coaching Sessions?

You're in the drivers seat and can use the time to:

- Clarify your unique talents and strengths
- Strategize on downplaying perceived weaknesses
- Brainstorm to identify how to reinvigorate your search
- Practice for an upcoming interview
- Debrief following a recent interview
- Negotiating a salary reflective of your experience

Coaching Package

Phone: You may be surprised at the impact of the energy of your voice through a phone call. We're able to offer immediate suggestions on how to improve your delivery both in terms of tone and content to impress recruiters.

Skype: Recruiters evaluate body language during your interview. You may not realize how your hand movements, facial gestures and engagement in the conversation can impact an employer's perception of you. We'll give you feedback on the visual cues you're sending out.

Committed to your Success

*I've successfully run my own consulting practice for 10+ years and I'm proud my client engagements are entirely based on word-of-mouth referrals from other satisfied customers. **What's my secret?***

*My clients have consistently commented on how **empowered and motivated they feel** as a result of working with me. I'm eager to help you see yourself the way potential employers do and co-create a focused career search strategy to renew your confidence.*

I'm passionate about my clients success and have worked with many clients multiple times over the years. I'd love to help you accelerate your own search.
