## **Personalized Resume**

Engaged Careers knows resumes! We've been there and done that, and know what it takes to get a recruiter's attention. Average resumes don't cut it anymore. You may be struggling with how to clearly present your skills and accomplishments to potential employers. If you are like 90% of our clients, your modesty may be hijacking your opportunities, and ultimately, earning potential.

## **Tailored Cover Letter**

If you think a cover letter isn't necessary in the electronic age, you're missing a huge marketing opportunity to differentiate yourself from the competition. We'll develop a dynamic cover letter, designed to not only get recruiter's attention, but ideally on the short list.
